A JOURNEY IN THE
SEABOARD SLAVE STATES,
By Frederick Law Olmsted.

One volume, 12mo, 725 pages, with wood cuts. Price $1.25.

This work is written in the quiet, candid, good-humored, and manly style which rendered the author's previous narrative of travel so widely popular. The descriptions of Southern Life and Scenery are picturesque and dramatic, and much more detailed and accurate than those of most other writers. The book, in fact, offers just that kind of information about the South and its institutions, which the public now demands; less of what is extraordinary and exceptional, and more of that which illustrates every-day life and general character, than has been before attempted. In matters of controversy, the author is careful and courteous, but expresses his own conclusions frankly and unmistakeably.

The *Southern Cultivator* predicts that this book will have "greater influence on the minds of voters," than Uncle Tom's Cabin has had.

The *New York Daily Times* says of it: "This work will be by far the best yet published on the subject."

The *New Orleans Delta* observes of the author: "Prejudiced as his opinions were, he was not a wilfully dishonest man or an unfair writer. We would welcome a few more men of his calibre amongst us—prejudiced, but manly and honest."

IMPORTANT TO EVERYBODY.

FOR the last three years I have been engaged in a business, known only to myself, and comparatively a few others, whom I have instructed for the sum of $20 each, which has averaged me at the rate of from $3,000 to $5,000 per annum, and having made arrangements to go to Europe next Spring, to engage in the same business, I am desirous of giving full instructions in the Art to every person who will remit me the sum of ONE DOLLAR. I am induced from the success I have been favored with, and the many happy acknowledgments I have received from those I have instructed in the Art, and who are now making from $10 to $15 per day, to give every person a chance to come into possession of this valuable means of making a small fortune. There is no HUMBUG about the business herein alluded to. References of the best class can be given as regards its character, and I can also refer to persons in Philadelphia as well as in this city, who have, within four months embarked in the business, and who will testify that they are making from $8 to $10 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of Pennsylvania and Maryland, whom I have instructed in the Art, are now clearing from $3 to $6 per day. It is a *Genteel Business*, and but a few shillings are required to start it. Upon receipt of $1,00, I will immediately send to the applicant a printed circular, containing full instructions in the Art, which will be perfectly understood upon being once read.

TWENTY-FIVE ENGRAVINGS,

of a superior character. The work discusses all subjects openly and freely, but in a manner which can give no offence, even to the most fastidious—as is fully acknowledged by the secular and religious press of all denominations who award the NATIONAL, at the same time of being not only the cheapest, but one of the most beautifully printed magazines in the United States, and one which should be on the table of every family in the land.

Orders for the Magazine may be directed to CARLTON & PHILLIPS, 200 Mulberry street, New York; SWORMSTEDT & POE, Cincinnati; W. M. DOUGHTY, J. L. READ, Pittsburgh; and J. P. MAGEE, Boston.

ATROCIOUS JUDGES!

LIVES OF JUDGES,
INFAMOUS AS
Tools of Tyranny and Instruments of Oppression!
BY JOHN, LORD CAMPBELL.
With an APPENDIX, containing the
CASE OF PASSMORE WILLIAMSON.
Edited, with an Introduction and Notes,
BY RICHARD HILDRETH.
One Volume, 420 pages, 12mo. Price $1,00.

THE various man-hunting expeditions which have, within the last few years, been made into the North, and the numerous trials, including the Jerry, the Sims, the Burns, and similar cases, and the crowning act of infamy enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON,

have excited the profoundest indignation and alarm. The Publishers believe, therefore, that this amply attested and clearly drawn record of what judges have done, will tend the people to see what, if unchecked, judges may still do.

NOW READY!
LANMERE.
By JULIA C. R. DORR.
Author of "Farmingdale."
1 vol. 12 mo. 447 pp. Price $1.25

The scene of this story is laid in Lanmere, a pleasant country village. The principal persons are as follows:—

MRS. ALLISON,
A strict mother, cold immovable as stone;
MARGARET ALLISON,
A pattern of female placidity and propriety;
BESSIE ALLISON,
A little mischief—sweet, pretty and loveable;
MR. FLOYD,
The Village Pastor—a man of goodness, truth and piety
WILLIAM WENTWORTH,
Honest and honorable—truthful and self-sacrificing;
WALLACE BUCHANANN,
A mystery to all who do not know him;
ELLEN WENTWORTH,
Bessie's friend and confidant;
PAUL WARREN,
A faithful minister, without the ostentation of outward piety;
GRACE WARREN,
His sister—a true woman; the consoler of the afflicted and the supporter of the lowly.

Other characters are introduced, and the story is replete with varied incidents and descriptions. In the gradual unfolding of the characters of the two sisters, Bessie and Margaret, the author has displayed consummate skill; and she has imbued her narrative with such interest, that the reader is chained to her pages from first to last.

THE DAILY SENTINEL.

Rufus King, Wm. E. Watson & John S. Fillmore
PROPRIETORS.
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

MILWAUKEE:
Wednesday Morning, Feb. 6,'56.

News of the Morning.

The rumored heavy deficit in the State Treasury and the attempted suicide of Mr. Janssen, have caused great excitement in Madison. See Madison Correspondence.

A dispatch from Independence, Mo., states that the snow is three feet deep on a level on the [illegible] and the thermometer has stood as low as [illegible].

In the Senate at Washington, yesterday, the Central American difficulty was the order of the [illegible]. In the House nothing was done besides the election of Sergeant at Arms, &c.

A passenger train on the Pennsylvania Central Railroad was thrown from the track night before last, killing one and wounding twenty-seven others.

A correspondent gives us the particulars of the murder in Manitowoc. The officers are on track of the perpetrators.

REPORT OF THE BOARD OF TRADE.

Statistics of Milwaukee.

The Annual Report of the Milwaukee Board of Trade, [illegible] prepared by the Secretary, Mr. A. [illegible], has been completed, and will be issued [illegible] in neat pamphlet form. Copies for [illegible] &c., may be obtained by applying to Mr. [illegible]. Though the Report strikes us as erroneous in some particulars, it is, in the main, full and [illegible] and presents a very satisfactory record of the year's business, and of our city's steady growth. We condense from its elaborate statements the following summary:

The year 1855 was a prosperous one for all departments of business in our city. Crops were [illegible] throughout the State and prices high. The [illegible] of the right sort was large. The increase in the population, capital, manufactures, and general trade of our city, much exceeded that of any previous season. A great deal of building was done during the year, and Mechanics and laborers found constant employment. Considerable additions were made to our Milwaukee fleet, and our Vessel owners made a good season of it. Good progress was made with the different Rail Roads radiating from this city. The Lake Shore Railroad, connecting us with Chicago and the East, was completed and opened for business. The La Crosse and Milwaukee Rail Road was put in operation to Horicon, 53 miles. The Milwaukee and Watertown Railroad was finished to Watertown, 45 miles. The contract was let and operations well advanced for completing the Milwaukee and Mississippi Railroad by November, 1856. And on all these roads an active and remunerating business was done.

The following tables, showing the Imports and Exports of Milwaukee for 1855; the comparative exports of leading articles for a series of years; the list of vessels belonging to this District, and the amount and value of Domestic Manufactures for the past year, speak for themselves:

List of Ships or Vessels

We have said that the Report was erroneous in some particulars. For instance, in the table of exports, we think that Flour, Wheat, Barley and Rye are put much too high. We compare these figures with those in the official report of the Collector:

	Board of Trade.	Collector.
Flour, bbls.	235,000	181,989
Wheat, bush.	4,028,966	2,676,523
Barley, "	92,291	66,266
Rye, "	61,640	26,605

We have already expressed the opinion that the Collector's figures were too low, but those of the Board of Trade Report err in the other direction. The discrepancy of 54,000 barrels of Flour, 1,352,443 bushels of Wheat, and 60,000 bushels of Rye, is rather a wide one. The chief error, we think, is in the item of Wheat, and we suppose the truth to be somewhere about midway between the *extreme figures of the two reports*. The table of Manufactures is no doubt very nearly correct. We notice one omission, however, which is a little singular in a newspaper man. No mention whatever, is made of the *Press* of our city, though it is certainly a very important branch of its industrial enterprise. We group together some of the leading branches of business:

Flouring Mills.—*There are five* Flouring Mills on the water power in this city, with 20 run of stone. *They turned out during the* past year, 106,500 barrels of Flour, valued at $852,000.

Breweries.—There are 20 Breweries in Milwaukee, with an aggregate capital of $100,000, employing 250 hands and manufacturing, last year, 60,000 barrels of Ale and Beer, valued at $500,000.

Brick Making.—*There are six Brick-yards* in and about our city, employing 200 hands, and manufacturing, in 1855, 26,650,000 bricks, valued at $165,000. Of this number, six and a half million were exported to Chicago and other Lake ports.

Ship-Building.—This is growing to be an important item. During the past year six vessels, with an aggregate tonnage of 1290 tons, were built here, and *there* are *now on the* stocks, the following:

Class,	Tonnage.
Propeller, (Jones' yard,)	500
Schooner, three masts, (Jones,)	500
" fore and aft, (Jones,)	250
" " (Jones,)	250
" " (Barber,)	200
" " (Cox,)	130
Total tonnage on stocks,	1,630

Foundries and Machine Shops.—There are in this city several very large establishments for the manufacture of Steam Engines, Machinery and Castings of all sorts, as well as a number of smaller shops. This business is increasing very rapidly. The capital now invested in it is $1,500,000; the number of men employed 1000, and the value of articles manufactured last year $800,000.

Locomotive Manufactory.—The Menomonee Locomotive Works in the Fifth Ward have been engaged, for two years past, in the construction of Locomotives for our different Rail Roads and have turned out a number of first class Engines.

Clothing Stores.—This is an important branch of our Domestic Manufactories, employing 850 hands, and amounting, last year, to $318,500.

Planing Mills. &c.—There are three large and several *smaller* Planing Machines, Sash and Door Factories, &c., occupying 300 men and turning out $175,000 worth of planed and dressed lumber, last year.

Lime Burning.—There are six Kilns in or near the city, which turned out last year 60,000 barrels of lime, of which 20,000 were exported to Chicago.

Cabinet Making.—This is another rapidly growing branch of trade, the sales for the past year reaching nearly $200,000, more than double those of the previous season.

Banks and Banking.—We have in this city six Banks, with an aggregate capital of $975,000. A seventh is about going into business. Their discounts for the past year aggregate nearly *ten millions*, and the amount of currency paid out here daily *to* farmers and others, for country produce, averaged *fifty thousand dollars* a day. The *rapidly* expanding trade of our city demands increased Banking facilities, and would give active and profitable employment to three or four times the amount of capital now invested in the business. The semi-annual reports of our City Banks have already appeared in our paper.

Newspapers and Printing.—This is an omitted item in the Report, though well deserving of a place there. Let us endeavor to supply the vacancy. There are, in this city, *eight* Daily papers, five of which, the *Sentinel*, *Wisconsin*, *Free Democrat*, *News* and *American*, are published in English, and three, the *Banner*, *See-Bote* and *Journal* in German. Of these eight papers, the *Sentinel*, *Free Democrat* and *Journal*, are Republican in politics; the *News*, *Banner* and *See-Bote*, Democratic; the *Wisconsin*, slightly mixed, and the *American*, Know Nothing. The amount of capital invested is not far from $100,000, and the number of men employed is from 125 to 150. Their aggregate circulation is nearly as follows: Daily, 7,000; Tri-Weekly, 2,000; Weekly 12,500. The amount of Job Printing *in addition to the newspapers*, is very large. The report estimates it at $32,000 for the year, which we think moderate.

The Rail Roads.—The closing pages of these statistics are devoted to a pretty full exposition of the Rail Road system of our State. The recent report of the Board of Directors of the Milwaukee and Mississippi R. R. Company is extensively drawn upon to furnish forth this portion of the document. As we have already published a very full synopsis of this admirable report, we do not think it necessary to reproduce the figures. We have now in operation *five* Railroads, leading from our city, to wit:

1. *The Milwaukee and Mississippi Railroad*, extending to Madison, the Capital of our State, 97 miles, and to be completed to the Mississippi at Prairie du Chien, 195 miles from Milwaukee, by the 1st of next November. *This road also* connects, at Madison, with the Southern Wisconsin R. R., passing through Janesville, and now under contract to Monroe, 35 miles west of Janesville. When finished and stocked the road will cost six millions of dollars for 268 miles, being $22,400 per mile. It divided and paid last year *seventeen* per cent.

2. *The Green Bay, Milwaukee and Chicago Rail Road*—commonly known as the Lake Shore Rail Railroad. This is completed and in operation between Chicago and Milwaukee, running through the flourishing towns of Waukegan, Kenosha, Racine, &c. Two Passenger trains run daily each way, and the road is doing an excellent business. It is to be gradually extended northward.

3. *The La Crosse and Milwaukee Railroad.*—This is an important trunk road, running northwestward from our city, traversing some of the finest counties in the State, and terminating at La Crosse, the smartest town on the upper Mississippi, between Dubuque and St. Paul. It is now completed to Horicon, 51 miles, and will be opened to Beaver Dam, ten miles further, before the end of the month. The business of the road has been excellent since the first section of 30 miles was opened at the close of August last; two passenger trains and one Freight train run daily, each way, and the earnings of the road to January 1st., amounted to $32,184 18. The directors estimate the receipts for 1856 at $400,000, which, deducting running expenses and interest on bonds, would leave a dividend of 16 per cent. on the capital stock paid in. To secure the prompt payment of their interest and sinking fund, they propose to deposit, monthly, with their New York Bankers, such a per centum of their earnings as will meet their liabilities.

The Company expect to extend their road to Newport, 17 miles west of Portage City, and 112 miles from Milwaukee, by the 1st of January next, and to La Crosse by December, 1858.

4th. *The Milwaukee and Watertown Rail Road*—This road was opened to Watertown, 45 miles, in October last, and since that time, up to January 1st, the earnings have been as follows:

	Passengers.	Freight.
October	$6,707 07	$ 6,606 53
November	5,570 60	14,590 16
December	5,056 41	7,658 24
	$10,274 80	$28,835 03

Making the aggregate $45,109 91 for three months. The road is to be extended next fall to Columbus, 17 miles, and to Portage as rapidly as the means can be provided. It will also connect with the Watertown and Madison Railroad, which is to be built within two years.

5th. *The Milwaukee and Horicon Railroad*—This road, which is identical with the La Crosse Road as far as Horicon, commences its independent existence at that point. It passes through Waupun, and Ripon to Berlin, 93 miles from Milwaukee, and is now under contract as far as Berlin. To Waupun, 66 miles, the grading is all completed, and the cars will be running by the 20th of this month.

From Berlin this road will be constructed to Stevens Point on the Wisconsin River, a distance of 60 miles, making 148 miles from Milwaukee, and thence to St. Paul in Minnesota. From Berlin a Company is chartered to build a road to Lake Superior, which when constructed, will bring the business of that rich mining region over the Milwaukee and Horicon Railroad to Milwaukee. At Ripon, 81 miles from Milwaukee, the Winnebago R. R. will connect with this road, and run to Oshkosh, a city at the mouth of the Wolf River, and from thence to Menasha and Green Bay. This Winnebago Railroad, when constructed from Ripon to Oshkosh, will bring the business of the Wolf River (a river with a hundred and fifty miles of steamboat navigation, and on which an immense lumbering business is carried on, and running through a rich agricultural region) over this road to Milwaukee From Horicon to Berlin, the country through which this road passes is second, in an agricultural point of view, to none in the West. It has a thriving and industrious population just calculated to support a Rail Road, and one that appreciates its advantages, and has subscribed liberally to its stock. Considering the commanding position this road occupies, and the rich country that it is to supply it with business, it cannot fail to be one of the most productive in the West, besides being of great benefit to the city of Milwaukee.

This Company have pushed ahead their enterprise, quietly but steadily, and are in possession of one of the most important Rail Road routes in the North-West.

Another year will see a vast addition to the number of miles of Railroad now in operation in our State and our City will feel the impulse of the increased trade and travel thereby brought hither. The Milwaukee and Mississippi Railroad will be finished to the Mississippi River; the La Crosse Road to the Wisconsin; the Watertown Road to Columbus; the Horicon *road* to Ripon and possibly Berlin; while on the east the completion of the Detroit and Milwaukee Railway will give us the shortest and quickest route to the Atlantic sea-board. We may confidently anticipate, therefore, not only a large and rapid increase in the business of our city, but great additions to its capital and population, and a general rise in the real estate. It is already certain that more buildings, and those too of the most substantial character, will be put up in our city during the current year, than in any two or three preceding seasons. Milwaukee, in short, has a bright destiny before her. May she prove in all respects worthy of it!

Unpleasant Rumors from Madison.

For some days past the rumor has been current in our streets of a considerable *deficit* in the State Treasury. Yesterday came a startling report that Mr. Janssen, late State Treasurer, had attempted to commit suicide at Madison, Monday night, but was fortunately prevented. With this comes the story that he is a defaulter to an amount variously stated at from twenty to forty thousand dollars and that himself and Deputy have assigned their property to the present State Treasurer, Mr. Kuehn. Doubtless in a day or two, we shall hear the full particulars, and meanwhile we content ourselves with the remark that Mr. Janssen has always borne a good character for honesty and business integrity among his countrymen, and that they are unwilling to believe that he is the party in fault. See Editorial Correspondence.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 4.

Coming up on the cars this morning, I learned *that the* "respondent," Mr. Barstow, in the suit brought by Coles Bashford, for the Gubernatorial chair, has come into the Supreme Court, and by counsel making a plea to the jurisdiction, *i. e.* taking the ground that the Court has no jurisdiction in the case, asked for more time. How long a time was asked for, I am not at this moment advised, but the Court, at the urgent request of the Counsel, gave them till Monday, Feb. 11th.

On the opening of the Senate, this afternoon, the Clerk of the Assembly came in with a joint resolution passed by that body, for the appointment of a committee of three from Senate and five from Assembly, to enter upon an examination of the doings in the School Land Department from the beginning. Messrs. Chappell, Greulich, Burchard, H. H. Gray, and Porter, being designated on the part of the Assembly.—This is probably *the measure* of the powers that be. How many people are there in the State who suppose that such a committee, in the course of the time which is allotted to this Legislature, will be able to make a thorough and satisfactory examination of the vast transactions of that Department from the beginning? The Senate passed the resolution, and on motion of Mr. Harvey, determined to select the Senate Committee itself. Messrs. Taylor, Worthington, and Smith were elected. Things do not look right as to the Treasury; but *let us wait*.

The State Medical Society has sent in a memorial to the Legislature for the immediate construction of an Insane Asylum.

In answer to the Senate resolution, the State Treasurer reports that he has received from Mr. Janssen, the outgoing officer, $17,982, to apply on the amount *due the State from him*. Mr. Janssen also says, (by D. M. Seaver, Deputy,) that there are a good many drafts accepted, made by State institutions, &c., and he has asked for a short time longer in which to adjust his accounts.

A resolution is introduced in Senate against all donations by the U. S. of lands to corporations—lies over.

Mr. Barnes introduced a resolution for a joint committee *to examine the account of* A. Proudfit, late contractor for the State Lunatic Asylum.

Among the bills in *Senate are the following*:

By Mr. Mills, authorizing the Wis. Central R. R. to consolidate with any other road.

By Mr. Sholes, amending charter of Kenosha and Beloit R. P.

By Mr. Fitzgerald, authorizing Oshkosh to aid the Chicago and St. Paul R. R.

By Mr. Taylor, a law authorizing towns in Sheboygan Co. to aid a railroad.

Among the Reports of Committees, Mr. Smith reported *unfavorably* on the bill providing for establishing the county seat of Waupacca Co. at Waupacca. (This is rather a "set back" for those who are interested in making wrong appear right in regard to sundry election frauds in that quarter.)

After some further business, Senate adjourned to 10 A. M. to-morrow.

In Assembly, the resolution above alluded to relation to examining the School Land Department was introduced and adopted.

Mr. Bird introduced a memorial to Congress for a Post office building at Madison.

Mr. Cameron introduced the memorial of the State Medical Society, above referred to.

Mr. Bird introduced a bill for the city charter for Madison.

Mr. J. H. Knowlton introduced a carefully drawn series of resolutions, affirming the doctrine of State rights, and against the Fugitive Slave Law.

The *Senate joint resolution to* adjourn on the 25th inst. was taken up. Mr. H. H. Gray, (Dem.) moved to postpone it indefinitely. *Lost* 27 to 29. The noes all Republicans, except Mr. Hahn, from our county, who doubtless voted by mistake, for, immediately after, when Mr. Bird moved to table the resolution, he, with all the other Democrats, voted *aye* and the motion carried by 29 to 27.

Mr. Mills read, to the great delight of the Assembly, a report in favor of his bill to alter the *method* of loaning the school fund income in the several counties. It was full of capital hits, amusing (*and very apt*) *illustrations*. It will be printed immediately, I understand, and is well worth anybody's reading; and I may say further, that the project meets with much favor here, as it must do throughout the State, though, with a large democratic majority in the Assembly, perhaps it may be too much to expect that it will consent to give to the people in the several counties anything of that power which tends to keep its majority in existence. Let the people watch the progress of this bill. W. H. W.

Abstract of Legislative Proceedings—Deficit in the Treasury.

MADISON, Feb. 5th.

Senate.—*Resolution for joint committee to* devise plan of apportionment, (at 30 Senators and 90 Assemblymen.) adopted and Barber, Gibson and Sholes made the Senate committee.

Mr. Harvey introduced a resolution for investigating election frauds and reporting necessary laws to prevent and punish them. Laid over.

Resolutions against donations of land to corporations tabled, 11 to 10.

Bills Passed—*Appropriating $9,000 for State* Prison indebtedness.

Authorizing W. H. Brisbane to keep ferry across Wisconsin river.

On motion of P. H. Smith, adjourned to-morrow at 3 o'clock P. M.

Assembly.—A bill is introduced to divide Waupacca county into two counties.

Mr. Knowlton's series of resolutions, affirming State Rights, &c., came up, and caused a fluttering. Mr. Hull moved to table them—lost 27 to 33. Hull moved call of the House. A debate on suspending the call was interrupted by morning hour expiring, and the subject went over.

Bill passed—appropriating $85 to A. Hoskins. $667 to D. Hunt, $8559 to E. S. Sherwood, $53 to J. Hutchinson.

Regulating town metings in Jackson and Clark Counties. Amending chap. 47 R. S. relating to Religious Societies. Authorizing District No. 1, Kenosha, to borrow money.

Pending debate on bill chartering Lake Michigan and Sturgeon Bay Co., the death of Ben C. Eastman was announced, and the Assembly adjourned to 3 P. M. to-morrow.

The Treasurer of Grant Co. has lost $16,000 in specie by the bottom of the coach falling out between here and Blue Mounds.

There is much excitement here in relation to the confused state of affairs in the Treasury, and much apprehension is felt of a large deficit.

W. H. W.

P. S.—It is known about town, and talked of so commonly as to be no secret, that Ex-Treasurer Janssen is so affected by the troubles in regard to the defects in the accounts, that he *procured strychnine* yesterday, and wrote letters home bidding his family farewell, intending to put an end to his life. His intention was discovered, and frustrated. Poor fellow! *his* worst sin is his innocent simplicity, and belief in other's honesty and good management.

The deficit is variously stated, but nobody knows anything about it whatever. It may be $40,000, or it may be $75,000, or more still.

W. H. W.

Death of Ben. C. Eastman.—We learn with unfeigned regret that the Hon. Ben. C. Eastman, late Representative from the Western District of this State, who has been seriously ill for some months past, died at his residence in Platteville, Grant County, on Saturday morning last. Mr. Eastman was a native of Maine, but for many years past a resident of Wisconsin. He was a man of excellent abilities and generous qualities and had served the people of Wisconsin in various public trusts with credit and fidelity.

For the Sentinel.

A Revision of the Revised Statutes, &c.

It is contemplated, we have been informed, to endeavor at the present session of the Legislature to have all our laws, particularly criminal laws, revised carefully, and that for that purpose a commission will be asked for, the commission to be appointed by the Judges of the Supreme Court. That the entire criminal law of this State is a farce, that we have not a criminal statute in the Revised Statutes containing two sections that do not conflict with each other, and the conflictions made worse and less easily reconciled by subsequent amendments, conflicting yet worse with former laws, all lawyers know to be a fact.

Our criminal laws are insufficient for public requirements. Murderers stalk abroad through our cities unpunished The fear of death no longer deters the murderer's arm, and one murder is but followed up by others. Lynch Law has done in but too many instances what the law *itself* should have, and unless the Legislature awakens to a sense of its important duty in these and other matters, Lynch Law will prevail as *the* law, and the *only law* to guard and protect the public in safety in their dwellings, or with their lives when abroad. Who of our Legislators will take the first step in this matter we do not know; but the work is one of great interest to the public, that all the criminal laws be revised. We quote from a speech of Lord Brougham, a passage applying with singular force and accuracy to our State, although that speech was delivered before the British parliament, in March, 1855.

"If, in this age of enterprise, some traveler should fare forth in quest of information rather than adventures, should traverse the sea, penetrate into unexplored continents, and discovering new regions and strange races, should return to make us partake of the gratification his curiosity had received; were he to tell of a people, not barbarous, but highly refined, and living under a system of well elaborated criminal law, yet wholly without the means of effectually executing it—having no regular plan for tracing offences, in tracking offenders—no security for their ever being brought to justice—leaving the law sometimes to execute itself, or at haphazard placing its enforcement in the hands of those most likely to abuse the office, or peradventure, not to perform it at all—that crime was so capriciously dealt with, that some acts of the greatest atrocity were not deemed fit objects of any punishment while others of a light and trivial kind were severely visited—that the love of liberty being a distinguishing characteristic of this singular people, and a horror of the bare possibility of suffering by the innocent, reconciling all to the constant escape of the guilty, there was yet exhibited at all times and in every place the spectacle of the loss of liberty before guilt was proved—that imprisonment for months was inflicted upon the guiltless—that the sufferings of the accused depended not upon the nature of the charge against them, but the part of the country in which they happened to live, or indeed to be arrested, that the whole arrangements for detention and for trial were local and capricious, both as regarded the treatment of the offender and the descriptions of persons who should accuse, and of those who should judge—that in all the most important particulars everything was left to mere blind hazard and ever varying caprice,—surely, surely, this tale would at once be rejected with incredulous scorn, and the traveller ranked with Ferdinand, Mendez, Pinto, as recounting things not only untrue but impossible, because no such nation as he had described could exist. Yet he had *only given an account of this country at this time*. But this country cannot submit to continue in this state for any length of time."

If, among the members of our Legislature, some one can be found to imitate the example set by one of the most learned lawyers of Britain, and seek to render, in Wisconsin, life and property more secure than it now is, and devise some plan or means with which to punish, with justice, offenders against laws, with certainty; to prevent wealth from any longer being the means of securing an acquittal from crimes of the deepest dye, and most clearly proved, and upon which convictions had once taken place; to simplify the code of criminal procedure, and to secure to each citizen a speedy trial, and not confine him to a loathsome jail for six months before a conviction has followed a charge; to make the conviction and punishment of murder as certain as of assault and battery: to punish, the swindling banker or the loathsome hell-keeper, with as equal certainty as the boy who steals six cents worth from a pile of damaged goods in the street, or the man who over an open game at dice passes a bad dollar upon his playmate; to punish as readily and with as much severity the baudy-housekeeper, who openly parades upon the most public thoroughfares, driven by African coachmen, the prostitutes who have for years violated the statutes of the State—to punish or prevent these as readily as to incarcerate in the state prison a woman found guilty of adultery in the 3d Ward, whose crime was only discovered by married men watching through a key-hole; that at the same time that the law has made it a punishable offence, with imprisonment of the party convicted if he has no money with which to pay a fine for leaving a horse unhitched in the street to ensure the safety of travellers but at the same time has no statute by which the conductor or engineer who may, through gross and culpable negligence, slaughter several families upon a Railroad track may be punished, and has provided no means by statute by which the widowed wife, robbed of her husband, and the support or helpless children may recover damages due her from a corporation, whose servants have killed him; that shall not in any court by any means induce the appearance of witnesses to convict, and by non payment of their fees to other men—who live by their time alone—deter them from appearing and obstruct the course of justice and robs innocence of its rights by frightening them away; that shall make the punishment of a murderer as certain as though he had committed an assault "*with intent to commit manslaughter*"; that shall punish upon a scale of justice, the banker who for months of systematic frauds and robberies cheats his hard working depositors of their hard spared earnings, as well as the boy who obtains under false pretences a dollars worth of goods from a merchant, or secures charge upon a counterfeit two dollar bill—that for these offences we have cited, every one of which is based upon facts occurring in this county, the punishment shall be equal in justice and inflicted with certainty,—whoever among our Legislature shall bring about this desirable state of things, will be the true servant of the public, and a real benefactor to the people of Wisconsin.

Murder in Manitowoc.

MENASHA, Feb. 1, 1856.

Messrs. Editors:—Messrs. Gilbert and Warren, of Manitowoc, passed through here to-day, in pursuit of two men who murdered a German by the name of John Martin Goetz, at Manitowoc Rapids, on the night of the 27th ult.

It appears that James Butler and John Ryan, (Irishmen,) had been drinking pretty freely, and proceeded to the house of Goetz and commenced a quarrel with him, beating him brutally and then left, taking with them an ax belonging to Goetz, who followed them for the purpose of obtaining his axe, when they fell upon him again, and with the axe beat him until he was dead.

The Sheriff offers a reward of $200 for the arrest of the murderers. Butler is described as about six feet high, 27 or 28 years of age, black hair and whiskers—is good looking, and wore when he left a grey sack coat, blue overalls and a black hat. Ryan is about 22 years of age, with light brown hair, has a scar on the top of his head, wore a brown sack coat, and grey striped pants.

I hope Mr. Beck, your efficient Chief of Police, may have sufficiently recovered so as to be able to start out on the track of these desperate fellows.

Yours, in haste,
A. H. B.

Well Pleased.—We are glad to see that our neighbor of the *Wisconsin* is quite delighted with the Republican triumphs at Washington. Speaking of the election of Mr. Banks, the *Wisconsin*, says:

But Northern backbone has finally triumphed and this is *the first* fair and square victory ever achieved over the sectional politicians of the South.

* * * * * * *

It will give immense encouragement to the Free State cause.

The new Speaker will fortunately constitute all the committees, so that the free North can be fairly represented. This is a *revolution* in the policy of our government, which has heretofore been directed to suppress the natural power of the free States.

Just so; and it was to achieve and maintain this "revolution" that the Republican Party was organized.

Again, in regard to Mr. Cullom, the newly elected Clerk, the *Wisconsin* says:

Mr. Cullom was the anti-Nebraska candidate. In the last Congress he steadily voted against the repeal of the Missouri Compromise, and was defeated on that account by the slaveholding vote of his district. He is now rewarded for his devotion to Honor and Right.

That is so.

Progress of Watertown.—The Watertown *Democrat* thus enumerates some of the prominent points of the thriving city in which it is published:

She has now about 9,000 inhabitants; three large flouring mills; one woolen factory; one oil mill; over fifty dry goods stores; two of the most prosperous and best paying banks in the State, with a deposit list of nearly $150,000, and a combined capital of $175,000, soon to be raised to a round $200,000, and all made, or nearly all, from and within herself. Within the next month, she will be lighted with gas, and the most she now needs is a well devised system of good schools and a few local improvements, which we have every reason to believe we shall soon have. Give her these, and the question of her superior position over all other inferior places in Wisconsin is settled. Only last week the City Council resolved to expand $50,000 within the city for the erection of two Union School Houses, a large City Hall, and other public buildings, several new bridges over Rock river, and other improvements of a public nature. This was done with the approval of the largest property owners in the city. She has now, by the unanimous consent of the city, decided to pledge herself to aid the Chicago, St. Paul, and Fond du Lac Railroad to the amount of $200,000, on conditions of its being built to Watertown. She stands ready to aid the Watertown and Madison Railroad to a like amount as soon as a *proper connection* shall be formed with the Milwaukee and Watertown Railroad. With these improvements, we claim to be second only to our own Milwaukee, the acknowledged metropolis of the State.

Outrage at the Capitol.

The ink was scarcely dry in the paragraph which we penned yesterday, alluding to the gross insult of the President towards Senator Hale, when the telegraph announces the more brutal and ruffianly, but certainly not more reprehensible conduct of Mr. Rust, of Texas, towards Mr. Greely, of the *Tribune*. The blood of the martyrs is the seed of the Church and these ruffianly attempts of a fraction that has too long held the sway in the councils of the nation, will not result in any harm to the cause of truth and good government. We do not sanction the Jesuitical doctrine of doing good by evil measures, but if evil must come, wo be to him by whom it cometh. The outrages on popular rights in Kansas by the Missourians, the defence of border ruffians by the President in his Official Message, the horrid tragedy but yesterday enacted in Cincinnati in enforcing the Fugitive Slave Law, the insolent partisanship of the President, the prolonged disorganized condition of Congress and this brutal attack by a member of Congress on an unoffending journalist for daring to express his opinion of public men and measures, will rouse the North to the necessity of protecting itself against the lawless encroachments of an unprincipled faction that is enraged by opposition and rendered ferocious by the prospect of a loss of the political power which it has so long engrossed and abused.—*N. Y. Times.*

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,
jan28 JNO. M. BOTTS.

J. C. NILES says:

"I expect to sell great quantities of your bitters this year Many of my customers speak very highly of its good qualities, having proved itself most an *excellent Fever and Ague preventative, a great purifier of the blood*, and the very best thing on record to aid digestion and create a good natural appetite. In short, I am sure it is one of the very best medicines known for family use, being safe and pleasant for any one to take."

C. L. D. CROCKWELL says.

Police Court, February 5.

James Gleason plead guilty to being drunk and paid the legal penalty of $1,00 and costs; John Sullivan, for a like offence was fined $1,00. John G. Coon, for an assault and battery upon Stephen E. Willis, was fined $10 and costs, amounting in all to $13,67.

Brutally Beaten.—A man named Timothy Savage was brought round from the Watch House, where he had been confined the night previous, charged with having beaten Dennis Sullivan; a complaint was sworn to and a warrant issued against him for assault with intent to commit murder upon Dennis Sullivan. The complainant was most shockingly beaten, both eyes were closed up, and he was hardly able to distinguish a person across the court room—he was cut and bruised in at least a dozen places; his body was also badly bruised, and his hair matted with blood. We understand the excuse offered was that the complainant would not leave the house of the defendant. The defendant waived an examination, and gave bail in the sum of $500 for his appearance at the Circuit Court; the complainant was bound over to prosecute in the sum of $100.

John Keoran was fined $2,00 for leaving his team unhitched. Xavier Cross for the same, fined $2,00.

Keeping a Disorderly House.—A man named Francis Stapleton was brought into Court, charged by Policeman Boone, of the Fifth Ward, with keeping a disorderly house on Ferry Street, in the Fifth Ward. The defendant plead not guilty, and stood a trial; the result was his conviction and the imposing a fine of $25 and costs, amounting to upwards of $35.

Almost a Fire.—An alarm of fire was sounded from Number One's Engine House about 1 o'clock yesterday. Flames were seen proceeding from the roof of C. F. Hansen's Academy on Wisconsin street, immediately opposite the Engine House. Fortunately the mischief was discovered so early that a few pailfuls of water extinguished the fire. It probably caught from sparks from the chimney.

Light Guard Soirees.—The last of this series of elegant parties comes off at the Armory of the Light Guard to-morrow evening. It will be the pleasantest party of the four, and will no doubt be crowded. During the evening the Guard will drill for a short time, that their guests may form some idea of their proficiency.

The Carnival.—Last night no less than *five* Masquerade Balls were given in different parts of our city.—That at Young's Hall was crowded to overflowing, as were doubtless the others. They were all got up under the auspices of our German fellow-citizens, and were very well conducted.

Grading and Pile Driving.—Mygatt & Schmidtner invite attention to their advertisement for proposals to do certain grading, pile driving, &c., on the lake shore, between Wisconsin and Mason streets.

Land Warrants.—The attention of those wishing to purchase Land Warrants is invited to the notice of Bridge Brothers, in our advertising columns. They have a large supply on hand.

LIABILITIES.

Unsettled claims for Losses and not due $176,032 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the minimum market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *Gold at interest*. Besides this solidity, the Company calls attention to the strength and security it derives from its combined system of Agencies, through its agents having the means of presenting a united phalanx of *experienced Underwriters*, which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856, with greater prestige for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

NINE O'CLOCK REPORT.

Congressional.

WASHINGTON, Feb. 5.

Senate.—Mr. Clayton introduced a resolution appropriating 200 cords of wood to the suffering poor at Washington, to be paid from out of the contingent fund.

Senators Butler and Toombs regarded it as a perversion of that fund.

Mr. Clayton moved as an amendment that the wood be paid out of the *per diem* of members in equal proportions.

Mr. Toombs, preferring to be his own almoner, moved an amendment that the wood be paid for from the *per diem* of members voting for the resolution.

Mr. Weller, of Cal., hoped that Senators would individually contribute for the relief of the poor, and on his motion the resolution was laid on the table by 7 majority.

Mr. Miller introduced a bill authorizing the coinage at the San Francisco mint, of Unions of the value of $100, and half Unions of the value of $50, made conformable to the standard for gold coins and to be received as legal tenders.

The consideration of the Central-American question was then resumed. Mr. Foot, although not an admirer of Buchanan, eulogized the argument of that gentleman, regarding his construction of the Clayton Bulwer, as of consummate ability; the faithful observance of treaty require of her Majesty's Government the immediate withdrawal from any actual occupancy of, or domination over any portion of the Musquito territory or Sea Coast by virtue of pretended protectorate.

The claims of England over Central America and Bay Island being founded in no right of discovery conquest, purchase or treaty, her repudiation of the treaty was a clear case of forcible entry and detainer, and her right the same that a highwayman has to pursue an armed traveller. He mentioned that the honor of this country no less than its interest demand that we shall insist on England fulfilling her treaty stipulations, the idea of yielding to the pretension of that government, and allowing her to evade its plain provisions is not to be thought of for a moment. He proposed that a direct Congressional declaration may be made of their construction of the treaty and of our purpose to enforce the obligations resulting from it, and if this power is unavailing, and after negotiations shall have been exhausted, he would entertain a proposition similar to that suggested by Mr. Seward to give England official and formal notice, she must withdraw from her Central American occupation by a given day, if then she still held out and disregarded all our summons would have her remove by force of arms.

Let England understand that we are in earnest about this, and that it is a second edition of 54-40 or fight, and no backing down. If, after so much forbearance, war comes, let it come; we shall be justified both before God and man.

Mr. Wilson obtained the floor, and the Senate adjourned.

House.—The resolution declaring Mr. Glossbrenner Sergeant-at-Arms was adopted by 113 against 98.

Mr. Sherman offered a resolution declaring Nathan Darling Door Keeper of the House, adopted by 119 against 85.

Mr. Campbell, of Penn., offered a resolution declaring Robert Morris Post Master, adopted 108 against 97.

The Rules of the last House were adopted until others could be made.

On motion of Mr. Wheeler, there was ordered to be paid out of the contingent fund to John W. Forney, late Clerk, who presided over the House during its disorganization, eight dollars per day, in addition to his regular salary, from Dec. 3d to Feb. 4th.

Mr. Brigham offered a resolution declaring O. Follett, of Columbus, Ohio, Printer to the House. Pending which, adjourned.

CONCORD, N. H., Feb. 5.

The American State Convention to-day was attended by about 500 delegates. Geo. Metcalf, was renominated by acclamation and Greenleaf Cummings, of Lisbon was chosen candidate for R. R. Commissioner. The mass meeting held at 6 P. M., was largely attended. John P. Hale, Amos Tuck and Geo. Nesmith were among the speakers. The Democrats anticipate a great rally on Thursday next, when J. B. Extreme Cold on the Plains.

WASHINGTON, Feb. 5.

A dispatch dated to-day, from Independence, Mo., to Wm. M. Magraw, mail contractor on the plains, now here, states that the thermometer is 22 degrees below zero. The Santa Fe and Salt Lake mails, which started on the first of January, had returned, all the men and animals on the Salt Lake route are supposed to have frozen on the plains.

Washington Items.

NEW YORK, Feb. 5.

Mr. Greely telegraphs to the Tribune: Wm. Cullom was chosen clerk to-day by the votes of nearly all the Republicans, and most of the Southern Americans. The fact that he had fought the Nebraska bill to the last and lost his seat in Congress thereby endeared him to the anti-Nebraska men. It was deemed wise not to risk the chance of a defeat on Gov. Reeder's case, on a question of the comparative regularity of the credentials, which is Whitfield's strong point; but to fight the battle only on the merits and that at the earliest moment. I know democrats who will sustain Gov. Reeder's claim to the seat. I know no republican who will oppose it.

The Herald's Washington correspondent telegraphs that Mr. Banks gave evidence to-day of a determination to hold a tight rein and preserve order. He seems perfectly at home, and no doubt will make a popular Speaker.

His Excellency, Col. Parker H. French, Minister from Nicaragua, appeared in the House to-day. In a few days he will present his credentials, and insist on an immediate recognition.

The Courier and Enquirer's correspondent telegraphs: The nomination of Mr. Dallas, as Minister to England, was confirmed to-day without opposition.

The nominations of Judges Cato, of Alabama, and Burrill, of Penn., for Kansas were also confirmed. Gov. Shannon's nomination was favorably reported upon. The motion to confirm was opposed by Mr. Wilson and others and laid over. A struggle will be made to discuss it in open session. Mr. Douglas has written to postpone all territorial business until he comes.

Rail Road Accident.

PHILADELPHIA, Feb. 5.

The 11 o'clock train for Harrisburg was thrown from the track last night, near White Hall, Montgomery Co. One passenger car went over the embankment, killing one man and wounding a number of others.

The accident was caused by the breaking of a rail. The passenger killed was supposed, from papers found on his person to be Abram B. Hart, of the firm of Hart & Son, Cincinnati.

Twenty-seven passengers were more or less injured; among the most serious is T. S. Watson, of St. Louis, who has one leg broken at the thigh. Mr. W. is one of the survivors of the Gasconade accident, on the Pacific R. R., and has not fully recovered from injuries received on that affair.

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this, and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

Notice.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients, will be found accompanying both preparations.

Prices.—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla.

Prepared and sold by H. T. Helmbold, Chemist, 263 Chestnut-st., near the Girard House, Philadelphia.

To be had of

And of druggists and dealers everywhere.

All letters directed to Proprietor or Agent receive immediate attention. je29-1yd&w

☞ The opinion of a Lady who knows Frank M. Wever and has bought goods at

WEVER'S
DRY GOOD PALACE
AND
CARPET ROOMS!

Come to the Palace, oh come there with me,
Where Fashion, 'mid splendor, still holds her levee
and smilingly tells you that Beauty is sold,
To youth, or to age, in exchange for their gold;
and that Lady-like charms through life may prolong,
n robes like a Queen's, which sell for a song.
They've shawls for the taste, and shawls for the storm,
They've cloaks which fall softly, so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces, and broideries, ribbons, and tassels
They've sombre hued goods, for the weeping, and sad,
They've some like the sunshine, for merry and glad;
They've fabrics for millions, and hold their levees,
For those who pay tribute, or come but to see,
'Palace of Dry Goods, so wonderous grand,
It be aught but a fable, of old Fairyland;
For those who know Wever, can't doubt for a minute
This glorious Palace, and all that is in it. G. H. G.

Now I blush, indeed I do, what modest married man could not? Yet I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely yet humbly my fair contributor, I trust that by honesty, uprightness and my gentlemanly bearing, I may ever command her respect. F. M. WEVER,

HOW TO RAISE MELONS,
And how to Preserve the Plants when young, from Bugs and Worms.
TO FARMERS.

I WOULD call your attention to a subject which may interest many of you, and is of considerable importance to you all, which is, the culture of the Water Melon. I have made this my sole business for several years—believing that if I succeeded in growing this desirable and delicious fruit, and, making it, by culture and choice of soils best adapted to its growth, as sure as that of other crops, and also to secure it against its enemies—the little yellow and striped bug, and the corn or cut worm, I should accomplish a much-to-be-wished-for task.

I am now gratified to be able to announce to you my

COMPLETE SUCCESS.

One of the causes of the failure of the Melon crop, is on account of the bugs and worms, (of which, probably, you have all had sad experience.) I have succeeded in securing the plants against these pests, as safely as though they were not in existence, and in a manner, too, perfectly in accordance with nature. I have experimented rather largely on the old system of preventing the bugs from destroying the plants; but discovered that the plans adopted, if anything near effectual, would injure the plant, or was too expensive. I adopted an entirely new method, which is this: I watched the habits of the bugs, in order to discover what food they preferred. When I discovered this, I gathered the seeds of this plant and planted them between every second or third row of melons. The bugs abandoned the melons for this plant, and they were left to grow as safely as though the bugs were not in existence. The expense is but trifling—being about two hours' work on an acre. The method of securing the plant against the corn worm is quite as simple.

It is not necessary to say more on this subject; but I now offer you the direction for the highest culture of the Water and Musk Melon, and the secret of protecting them from their enemies; and also a sample of FIVE VARIETIES OF THE WATER AND MUSK MELON SEEDS, which are, I believe, (viewing them in all their qualities,) the best grown in the United States. Three of the Water and two of the Musk Melons; one of the latter being a nutmeg or cantelope variety. The Water Melons are so selected that they succeed each other in ripening about two weeks; one of them ripens about two weeks earlier than any that I have ever seen. This early melon can be grown as far north as any corn can be grown, for it is a rapid grower and a profuse bearer, and the best melon I ever saw or enjoyed the pleasure of eating. I have been to considerable expense in experimenting, and in the selection of the choicest varieties of seed, and also the expense of advertising to acquaint you with these facts, and I cannot do it without a price.

Farmers, I know this is valuable, and I believe that you want it; and I cannot charge you less than a dollar. Gentlemen, you that want this, send along your orders—enclose a dollar, and you will receive in return, the secret for protecting the plant from its enemies—the seed, and the directions for their highest cultivation.

If I do not receive a sufficient number of orders to reward me handsomely, I will reserve the right to return every man his dollar instead of the directions. I would say to those persons who have forwarded their orders, that they will receive the directions in good time for planting, or receive back their money. Address

TURTON & SERCOMB,
295, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as Guage and Cylinder Cocks, Oil Cups and Cocks, and Steam Whistles. Also Turton's Files, which they will sell at the lowest cash price.

☞ They are also Agents for Eastman's Patent Steam Guages, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is " *Excelsior.*"

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR. SILAS C. HERRING—

Dear Sir:—The safe I bought of you, nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Tetterall's Building," corner of Fifth and Chestnut streets, in the height of the fire of the 15th inst., and fell with the burning timbers a distance of 40 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the "the fury of the flames." I am now using the same books and papers.

Yours, truly,
THOMAS W. PRICE,

NOTICE TO ICE CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he, as usual, will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and best Ice; and also that he will place around the holes which he cuts in the Ice, blocks of Ice as a fence, that everybody may be warned from danger. MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
OFFICE IN MARTIN'S BLOCK, MILWAUKEE, WIS.
Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost on the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

LILLIE'S SAFE TRIUMPHANT.

New York, Nov. 14th, 1855.

Philander Eddy, Ag't World's Safe Co., Chicago, Ill.

DEAR SIR:—You will notice by the New York papers that Lillie's Chilled Iron, Fire and Burglar Safes and Bank Locks, manufactured by the World's Safe Co., Troy, N. Y., have as usual obtained another *victory* at the great Fair of the American Institute, held at the Crystal Palace, over the *combined sheet Iron Safe makers*, by securing the *first premium* on both, Safe and Lock, separately. The Chicago certificate farce and posters, were freely circulated, here, but their malignant design could not defeat the *known superiority* of Lillie's Safe's, and the Crystal Palace jurors have now *confirmed* what the jurors at the Detroit Fair *decided*, the Chicago jurors *scouted*, and the public *reiterated*, that Lillie's Safe and Bank Lock are the best in the world. Respectfully,
J. C. MORRIS,

MISCELLANEOUS.

THE
NEW YORK TRIBUNE, 1855-6

THE TRIBUNE is now in the middle of its fifteenth year; Vol. XV. of its weekly issue commenced on the 1st of September last. The American public need not now be made acquainted with its character or claims to consideration. With but a subordinate regard for prudence, policy or popularity, it has aimed to stand for Righteousness, for Truth, for Humanity, against fortified Iniquity, Fraud and Oppression. There is not a slave-trader on this Continent, though he may never read anything but his bills of sale and notes-payable, who does not know and hate THE TRIBUNE; there is not an extensive fabricator of drugged and poisonous Liquors who does not consider it a very dangerous and immoral paper, and wonder why its publication is tolerated in a commercial, cotton-buying City like New York. THE NEWARK MERCURY once forcibly remarked that it had never known a hard, griping, screwing, avaricious employer who was not hostile to THE TRIBUNE, nor one eminently generous and kindly who did not like it. Prompt and plain-spoken in its denunciations of iniquity and abuses of power, while claiming no exemption from human fallibility, it may have done temporary injustice to individuals, but it has never been unfaithful to Principle, nor deaf to the cries of the wronged and suffering. In its columns the advocates of novel and unpopular theories contemplating the melioration of human woes, especially those of the voiceless and down-trodden, have ever found audience and hospitality; while it has ardently resisted, and will persistingly combat, every attempt to proscribe and degrade any class because of diversities of Nativity, Creed, or Color.

In defiance of calumnies the most atrocious, and of hostilities the most deadly and untiring, THE TRIBUNE has grown steadily in public appreciation from the day of its origin. Its means of serving the public have been augmented in proportion. Instead of a single editor with one or two assistants, its organization now comprises a numerous body of writers, each fitted by special accomplishment and experience for the particular line of discussion to which his pen is devoted; the daily amount of reading matter given more than quadruples that of its earliest issues; a staff of valued correspondents encircles the globe, transmitting early and intelligent narrations of whatever is most worthy of attention; while Politics, Legislation, Literature, Art, History—in short whatever affects the social well-being of mankind, Polemic Theology alone excepted—finds here the freest and most searching discussion.

Attached by profound conviction to the beneficent policy of Industrial development and Internal Intercommunication whose most conspicuous champion through the last Half-Century was HENRY CLAY—imbued, moreover, with that spirit of forbearance toward our weaker neighbors and toward the much wronged Aborigines of this Continent and of peace with All which will hallow the name of Whig, THE TRIBUNE, while surrendering no jot of its proper independence, cooperated earnestly and ardently with the Whig party, so long as its vitality was preserved. When in 1850—2 an attempt was made to interpolate slave-hunting into its creed, we sternly resisted that imposition; when, at the close of the last Presidential canvass, it was seen that a large portion of the Whigs preferred to defeat their own party rather than allow its Anti-Slavery wing to share its triumph, even under a conservative Chief on a Pro-Slavery platform, we knew and proclaimed that the Whig party was no more. Subsequent events, including the rise and culmination of the Know-Nothing conspiracy, and the speedy absorption therein of the whole force of Pro-Slavery Whigism, only confirmed our undoubting anticipations. With no sickly lamentations, therefore, for the inevitably bygone, but with hope, and joy, and sympathy, and words of cheer, have we hailed the beginning and watched the progress of that mighty REPUBLICAN movement which, impelled by the perfidious violation of the Missouri Compact, and stimulated by the astounding outrages whereof the rights of the Free Settlers of Kansas have been the victims—by the repeated and utter vitiation of their elections by an armed mob collected by conspiracy and hurled suddenly upon them from the border counties of the neighboring Slave State, is destined to sweep away the land-marks of old party feuds, and unite the true hearts and strong arms of the free-souled in one mighty effort to confine the scourge and scandal of our country within the limits of the States which unwisely uphold it. To the success of this effort, the energies of THE TRIBUNE will be sternly devoted; while the TEMPERANCE REFORM, including the entire suppression of the Traffic in Intoxicating Beverages, will find in it, as hitherto, an earnest and unflinching champion.

Commencing as a daily folio sheet of moderate size, and with scarcely a shadow of patronage, THE TRIBUNE is now issued in quarto form DAILY (three distinct editions), SEMI-WEEKLY and WEEKLY, on a sheet 44 by 64 inches, eight ample pages of six columns each. Its circulation has steadily grown from nothing to the following aggregates:

Daily issues (evening and morning)	29,500	copies.
Semi-Weekly	14,175	"
Weekly	137,750	"
California edition	6,000	"
Total	187,425	copies.

We believe no other newspaper in the world has a subscription list over half so large as this; and no periodical of any sort can rival it. And while its extreme cheapness rendering an increase of paying readers only an indirect pecuniary advantage to us, has doubtless largely swelled its subscription list, it would be absurdity not to perceive in this unprecedented patronage some evidence of public approval and esteem.

TERMS.

THE TRIBUNE employs no traveling agents and sends out no papers on trust. If it is not stopped when the term paid for expires, and the subscriber does not choose further to pay for it, we resort to no legal process to compel him. On the weekly, we mean to stop every paper on the expiration of the advance payment, awaiting a fresh remittance from the subscriber. If none comes, the account is closed. We pay no local agents; wish no money paid to any when the payer cannot trust him to mail or otherwise send it to us; once mailed, its safety is at our risk, (and a serious risk it often proves;) but are grateful to every one who deems it a good work to obtain and forward the names and money of his friends and neighbors. Our terms invariably are—for the

DAILY TRIBUNE, $6 per annum.
SEMI-WEEKLY, $3; two copies for $5; five for $11,25
WEEKLY, $2; three copies for $5; five copies for $8; ten copies for $12; twenty copies, or over, to one address for $1 each; twenty copies, or over, to address of each subscriber, $1,20 each.

Additions may at all times be made to made to a club at the price paid by those already in it.
